

Jordan Alvarez

Product Engineer, Frontend

(310) 555-0139 | Los Angeles, CA | jordan.alvarez@example.com | linkedin.com/in/jordanalvarez | github.com/jalvarez

SUMMARY

Product engineer with 3 years shipping customer-facing web experiences in React and TypeScript. Owns features end to end from design pairing through rollout; most recent launch lifted trial-to-paid conversion 21%. Strong eye for interaction detail, accessibility, and performance.

SKILLS

Languages: TypeScript, JavaScript, HTML, CSS, Python

Frontend: React, Next.js, Remix, TailwindCSS, Framer Motion, Radix UI

Testing & Quality: Playwright, Vitest, Testing Library, Storybook, Lighthouse

Backend & Data: Node.js, PostgreSQL, Prisma, REST, GraphQL

Design & Practices: Figma, Design systems, WCAG 2.2 AA, Core Web Vitals, A/B testing

EXPERIENCE

Product Engineer

Aug 2023 – Present

Consumer Subscription Startup

Los Angeles, CA

- Redesigned and shipped the onboarding flow, lifting trial-to-paid conversion from 14% to 17% (21% relative) across 90K monthly signups.
- Built the company design system in React and Storybook, cutting new-feature UI build time roughly 40% for a 9-engineer team.
- Improved Largest Contentful Paint from 3.4s to 1.2s through route-level code splitting and image optimization.
- Brought the marketing and app surfaces to WCAG 2.2 AA, resolving 60+ audit findings ahead of an enterprise deal.

Frontend Engineer

Jun 2022 – Jul 2023

Digital Agency

Los Angeles, CA

- Delivered 11 client web builds in Next.js, all launched on schedule with Lighthouse performance scores above 90.
- Introduced Playwright end-to-end testing across 4 projects, reducing post-launch defect reports 50%.

PROJECTS

Motionbook | TypeScript, React, Framer Motion

github.com/jalvarez/motionbook

- Open-source animation primitives library for React; 700+ GitHub stars and 12K monthly npm downloads.

a11y-lint | TypeScript, ESLint

2023

- ESLint plugin catching 20 common WCAG violations at author time; used across all agency projects.

EDUCATION

B.A. in Cognitive Science, Human-Computer Interaction

University of California, San Diego

Jun 2022

La Jolla, CA

CERTIFICATIONS

- Meta Front-End Developer Professional Certificate (2022)
